

CM5

Smart POS

Benefits:

- Continuous management of the business (24/7).
- Compatible with any cloud-hosted software.
- Improves quality of service, offering real time information about products, stock, prices, photos, etc.
- Maximum mobility at the point of sale, allowing for customer service and payment at the same time.

Main specifications:

- Android countertop device with PIN Pad and thermal printer in one single solution.
- Android 5.X.
- Lithium-ion rechargeable battery: 5.200 mAh.
- EMV Certification for magstripe card, smart card and contactless transactions.
- PCI PTS POI Version 4.X Certification.

ITOS provides personalized mobility and payment solutions, as well as a national maintenance service adapted to the particular needs of each client.

Operating System:

Android 5.X

Microprocessor:

Quad Core and specialized microprocessor for secure financial transactions

Memory:

1GB RAM, 8GB Flash Memory, MicroSD slot

Magstripe Reader:

Type: ISO 7811, Simultaneous bidirectional reading of tracks 1, 2 and 3

Smart card reader:

ISO 7816

Contactless:

NFC 13.56MHz, ISO 14443-A/B/C

MIFARE card reading (optional)

Visa payWave; Mastercard PayPass; AMEX ExpressPay

Card slots:

1x SIM and 2x SAM

Integrated thermal printer:

2" printing width / roll diameter 40mm

Camera:

5 Megapixels

Graphic display:

5,5" LCD (720 x 1280). Capacitive touchscreen

Communications:

GSM/GPRS/EDGE: 850/900/1800/1900MHz

WCMDA : B1/B2/B5/B8, HSUPA /HSPA+

EVDO : EVDO Rev.A 800MHz

TD-SCDMA: B34/B39

TDD-LTE: B38/B39/B40/B41

FDD-LTE : B1/B2/B3/B5/B8

WiFi: 2.4GHz, 802.11b/g/n

BT: version 4.1

Rechargeable battery:

5.200mAh, 5V Li-ion

Dimensions:

186mm x 82mm x 64mm

Weight:

417 g (battery included)

Ambient Conditions:

Operating: 0°C to 50°C / 5% to 95% RH

Storage: -20°C to 60°C / 5% to 95% RH

Certifications:

- PCI PTS POI Versión 4.X,
- EMV Level 1, EMV Level 1 Contactless,
- Visa payWave; Mastercard PayPass

Accessories:

Holder Stand

Charging Cradle
