

NEW

CM62

Mini Smart POS

New ITOS CM62 payment terminal. A hybrid device based on Android 10 operating system, which provides the functionality of a Pinpad through its integrated payment module. It can be used on the move or as a stand-alone device.

The terminal features a sleek and elegant design and incorporates a 4-inch HD touch screen, 1GB RAM and up to 8GB Flash ROM memory and supports contactless bank card and chip payments.

It is compatible with CRONOSmdm®, the ITOS MDM platform for managing Android payment terminals.

Features:

- Reliable payment transactions
- Improved user shopping experience
- High durability and performance with ergonomic and compact design
