IN20

Unattended Android

Unattended payment terminal with modern design and touch screen to facilitate the creation of environments in which staff will not be necessary to manage payments. It offers the possibility of including self-sale applications with integrated payment system, as well as any other Android application.

The terminal incorporates a 5-inch HD touch screen, 2 GB of RAM and up to 8 GB of Flash ROM memory and supports all types of bank card payments. It also has ATEX certification for explosive atmospheres and IP65 for dust and water protection.

Beneficios:

- Transaction reliability in unattended environments
- Enhanced user shopping experience
- High durability and performance in the most demanding environments

Android 11

Self-service payment solution

Technical Specifications

Operating System

Android 11

Processor

Quad-Core Processor high-speed
Cortex A53, 2.0GHz

Memory

2 GB RAM y 8 GB Flash ROM;

Display

5" HD 720x1280 pixels, capacitive, multitouch

Card reading

Chip card: ISO 7816
Magnetic stripe: Tracks 1, 2, 3.
Contactless: ISO14443 type A/B/C;

Communications

WiFi (2.4 & 5 GHz), LAN, Bluetooth, 4G (opt.);
GPS, BEIDOU o GLONASS

SIM / SAM

2 SIM (optional)
1 SD;
4 SAM

Camera

Top: 2 MP;
Inferior: 2 MP

Audio

Built-in speaker, microphone

Ports

USB Type A; USB Type C;
LAN; 2 RS232;
MDB master & MDB slave;
Digital I/O; SMA

Dimensiones

146 x 101 x 57 mm

Ambient Conditions

Operation: -20°C a 70°C / 10% a 95% HR
Store: -30°C a 80°C / 10% a 95% HR

Certifications

PCI 6.x,

Sectors of application

Success stories

- Unattended environments (Kiosk, charging station, parkimeters)
- Vending machines
- Petrol stations

The IN20 solution promotes seamless service in unattended environments, thanks to kiosk integration. It brings the versatility of an Android POS, facilitating transactions and improving efficiency at the point of sale, and guarantees optimal performance in hostile and even explosive environments thanks to its shock-resistant design, with protection against dust and water and ATEX certification.

ITOS offers customised mobility and payment solutions, as well as a national maintenance service tailored to each customer's needs.
